Dedication

It isn't easy to thank the person who has helped us in so many ways. We are grateful for your guidance, for you have made us realize how much there is to learn. We appreciate your concern for our projects and your help when we needed it most. These things and many more made you one of those people who'll be remembered most.

You deserve recognition for your work as adviser of the WHITE CAPS. You helped us to realize the true meaning of responsibility and to fully accept it.

When our minds seemed to be totally blank, you helped us draw ideas from them and develop them into the pages of the WHITE CAPS.

Your patience and encouragement have been an inspiration to us all; and it is with respect and admiration that we, the class of 1972, dedicate our yearbook to you, Mrs. Maggie Cramer.

Class History

The big day was finally here! We all arrived bewildered and not knowing what was in store for us. The next day we received our rule books which gave us some idea of what was coming. Not long after that we elected our class officers, talk about a struggle, when nobody knew anybody!

On September 19th, the patients were all moved into our beautiful new hospital, that was a big day for everybody.

Before we knew it the Christmas Holidays had arrived. Our Schedule was full of exciting activities. We held our Christmas Bazaar where we had a luncheon and raffled off a color television. We also went Christmas caroling which we all enjoyed. We then had a weeks vacation which was quite a surprise. Upon our return from our vacation we had our first day on duty.

Our next big event was on February 9th when we held our capping ceremony, our parents were invited and it was a big occasion for all.

Early in May we raffled an Afghan which was donated by Mrs. Doutt, our housemother.

On May 9th, we visited the mental institution in Williamsburg. The following week on the 16th and 17th, we attended the LPN convention in Richmond, where we met Miss Eleanor J. Smith, R.N. The Executive Secretary of the Virginia State Board of Nursing.

As classes start coming to an end, we all look forward to graduation and the challenge of learning situations.

Consideration

Kindness and

Respect

Make Living

a Pleasure

at

Holmes

We're always happy to show our facilities any time. Senior citizens and convalescents really do enjoy the peace and quiet of an exclusive neighborhood, the beauty of five shaded acres, being treated like the honored guests they are. We believe that kindness and considerations are just as important as fine medical care, that our daily occupational therapy is a welcome change. Of course we have licensed nurses around the clock and doctors on call 24 hours a day, but we never stop trying to make people feel like guests instead of patients.
